Subject: Implementation of international freight screening

Dear Valued Customer,

In compliance with the TSA regulated screening mandate, Amerijet will implement 100% screening of all international freight departing the US, effective Wednesday, June 30, 2021. Please see the important update below to ensure you are prepared for some changes to our existing process.

### Prescreened Shipments

- Prescreened shipments need to arrive with documentation verifying the shipment tendered was screened by a TSA-certified export screening facility and adhered to the chain of custody requirements.
- Prescreened shipments delivered to Amerijet's hub in Miami will be received at dock doors 66-68.

### Unscreened Shipments

- Unscreened shipments, shipments that are not accompanied by the required screening documentation, or shipments that have not adhered to the chain of custody will undergo security screening at the Amerijet Miami facility.
- **The rate for screening cargo will be \$0.06/kg with a \$15.00 minimum, based on chargeable weight.**
- Unscreened shipments delivered to Amerijet's hub in Miami will be received at dock doors 69-86.

With the objective to partner with you and streamline the cargo screening process, we will be implementing the following new acceptance procedures, effective Monday, June 28, 2021.

- Shipments departing Monday-Friday will be accepted one day before the flight during regular business hours, 1000 – 2000 (ET).
- Shipments departing Saturday, Sunday, or Monday will be accepted on Friday, 1000 – 2000 (ET), or Saturday, 1400 – 1800 (ET). Amerijet cargo acceptance is closed on Sunday.
- All shipments tendered as partial deliveries must be completed on the same day. In addition, we will require that all shipments be ready for carriage and that all documents be remitted on the same day as tendered shipments.

These changes impact all of us, but we are in this together, and we value your continued support. If you have any questions or need more information, please contact your local Amerijet Sales Representative.
